

What makes Grace Basik® the Best Granular on the Market Today?

Grace Basik gets you on and off the roof faster.

- Lightweight roll for easy handling
- Split-release liner for quick application

Keep your grip with Grace Basik.

- Granular surface for superior skid resistance

Nothing gets through Grace Basik!

- Seals around nails better than any other granular membrane
- Creates a strong bond with the roof deck enhancing its stability

10 Reasons Why Grace Basik® Is The Best Of The Granular Underlayments

1. Superior Technology

Two layers of rubberized asphalt

- Bottom layer of asphalt is designed to seal around nails better than any other granular membrane
- Top layer of asphalt is designed to reduce slippage and granular “imbedment”

2. Convenient Size — Easy to Use

- Easy to estimate: 50 ft roll is easier to divide by than 65 ft
- Easy to carry: 150 ft² roll weighs 62 lbs as compared to other manufacturer’s 200 ft² rolls that weigh 85 lbs

3. Appearance

- Roll maintains shape making installation easier
- Resists wrinkles and lays flat – looks better on the roof

4. Saves Labor

- Repositionable, helps eliminate waste
- Split back allows for faster installation, especially in valley and detail areas

5. Dependable

- Seals to deck in high and low temperatures
- Superior performance helps reduce call backs

6. Slip Resistant

- Superior adhesion of the granules to the membrane reduces the risk of slippage

7. Cooler Surface

- Light colored granules reduce heat build-up on membrane surface

8. Easy to Measure and Cut

- Multiple guidelines printed on membrane surface to aid in installation

9. Handling

- Lightweight, easy to handle boxes with hand holds

10. Grace Quality

- Grace is *the name brand* in roofing underlayments with over a 20-year track record of protecting roofs from ice dams and wind driven rain
